Week 1: Complete entry math quiz at www.jatc112.org. Log into <http://www.njatc.utk.edu/> begin work on lesson 1. Move to lesson 2 and 3 as you feel comfortable.

Week 2: Receive text and calculator in the mail. Complete all lessons through lesson 8.

Week 3: Complete lessons 9-12.

Week 4: Complete lessons 13-16.

Week 5: Complete lessons 17 & 18.

Week 6: Review lessons.
Pack two sharpened #2 pencils and calculator, get some rest the night before and show up for your exam ready to succeed.

Tuesday

Exam: 8:30am Start at the Training Center.
Bring Pencils and TI-30XIIS Calculator. (no other calculator will be allowed.)
Expect to be here until at least 12:30 pm the day of the exam.

You will be required to log-in to Tech Math.
Be sure to have your Tech Math User ID and Password.

If at any time you feel you are failing to meet this syllabus guideline or are in need of explanation, contact the training center @ 509 783-0589 or by email to Marcus@jatc112.org or greg@jatc112.org.

Optional: If you would like the completion certificate for completing the Tech Math course, you must complete all 20 lessons and take the online final exam. The completion certificate from the NJATC is **NOT REQUIRED** to continue in the apprenticeship. Passing of the online final exam does **NOT** replace the written exam at the Training Center. The exam you take here at the Training Center will cover lessons 1-6 & 8-18.
